EVENT SET UP & SITE ARRANGEMENTS

Preparations for All Points East 2026 begin on Friday 6 August and work will take place between 08:00 - 20:00 with any later or overnight working taking place at council approved times only. The dismantling of the event is scheduled to be completed by Wednesday 9 September, after which the organisers will hand the site back to the council. Prior to handover, we will ensure that all remaining public spaces are clean and returned to the best possible standard. Pathways crossing the site will still be accessible during the majority of this time only closing for safety and security reasons.

Opening dates and times for the cross paths vary. Please see the onsite signage or website for further information.

SOUND

The organisers are required to make sure that the sound from the events is controlled to limits agreed with the local authority.

A team of sound consultants (acousticians) monitor levels on both the Tower Hamlets and Hackney side of the park. The sound systems will be tested in advance of the events taking place to ensure that they operate within the permitted limits on the licence. There will be further brief periods of testing on the morning of the event days. If you have concerns about sound levels related to the event(s), you can contact the Residents' Hotline via the number listed on this leaflet.

Event Dates		Sound Check	Event Open	Resident Hotline
Thursday 20 August	Sound Check	10:00 - 19:00	n/a	08:00 - 20:00

TRAFFIC RESTRICTIONS

Temporary road closures on event days will be implemented to enable the safe and controlled movement of a large number of pedestrians towards public transport.

The closures over the event weekends will be installed at approximately 21:00 on show days. It is anticipated the closures will remain in place until approximately midnight.

The area of the temporary road closures will be as follows:

- Grove Road between Roman Road and Lauriston Road.
- Old Ford Rd between St Stephen's Road and Bonner Street.
- Lauriston Road from the junction at Victoria Park Road will be accessible only for local traffic.
- Sewardstone Road from the junction at St James Avenue and Old Ford Road will be accessible only for local traffic.
- Aberavon Road, Rhonda Grove & Maplin Street will be closed at their junctions with Mile End Road.
- Cadogan Road will be Southbound traffic only from Wick Road to Jodrell Road / Monier Road

There will be no restrictions on residents wishing to exit the streets during the closure period. However, there are likely to be delays in traffic movement particularly between 22:00 - 23:30 when we anticipate most people will be leaving. We would advise residents to avoid leaving the area by vehicles during this period if possible.

Our stewarding staff will also make every effort during this period to facilitate residents' access to roads to the East and West of Grove Road. However, there may be some delays due to the high volume of pedestrians.

There will be parking restrictions on Grove Road between Roman Road and Crown Roundabout. If you believe your vehicle has been removed please contact TRACE on their 24 hour online service via trace.london/

Please visit the community page for a map of road closures and parking restrictions.

IMPACT OF THE EVENT

The event organisers have worked extensively with the Local Authority Event Planning Group to ensure that the impact of the event on residents is minimised. A safe egress plan has been developed to manage the impact on the surrounding areas.

The egress plans include the cleaning and waste removal from the surrounding streets, and temporary toilets positioned at key locations along the exit routes for the audience leaving the park each night.

During the event, the organisers will work closely with police and other statutory bodies such as Trading Standards and Environmental Health, meeting regularly to respond quickly and effectively to issues raised by residents.

If you are concerned about any aspect of the event please contact our Residents' Hotline (03301 334 696). Any issues presented to this hotline will be passed onto the organisers and the local authority who will ensure they are dealt with swiftly.

GET IN TOUCH

RESIDENTS' HOTLINE: 03301 334 696 (Operational from 7 August)

EMAIL: community@allpointseastfestival.com

The Resident Hotline will be open from:

08:00 - 20:00 during the Build and Break (7 - 20 Aug / 1 - 9 Sept)

For timings during the live event period (21 - 31 Aug), please refer to the table overleaf.

Outside of these hours an answering machine will be operational where residents can leave a message, please leave your telephone number and our team will call you back as soon as possible. The hotline is operated by the event management team who work closely with Tower Hamlets Environmental Health officers.
