Next Ward Panel * 15TH
SEPTEMBER AT SOUTHWARK
POLICE STATION. From 7PM.

Meet the team

- PENDING.

**- However, read the
above to find out
about the next ward
panel meeting.**

What we've been doing this month

- Multiple 'Meet The Police' events were hosted by the team around the ward. Including, Haddonhall and Metro Central Heights. This was great as the team were able to gain insight into the issues and where the focus points need to be. It also allows officers to give out positive results.
- There was a big push for people to join the new platform 'Met Engage' where residents can report issues and speak to officers privately.
- The team attended Croydon Magistrates court to obtain a part closure order on a property on Chaucer ward that was attracting ASB and crime. We were given a part closure order which allows the resident to remain in the property while not allowing the people mostly causing the problems access. If the issue does not stop we can return to court and ask for a full closure to the property. A closure order is when the police can get enough evidence that a property is attracting crime and ASB and having an adverse effect on the other residents. We were supported by the people being affected by this and without that we would not have been able to get this far. Please report all ASB issues on the Met Police website.
- Multiple stop and searches have been conducted by officers around the Meakin Estate which has been a hotspot area for quite a while. This has led to the successful identification of one of the drug dealers that have been frequenting this location.
- Two arrests have been made on individuals that were involved in using fraudulent money which was one of the issues mentioned by residents in the most recent ward panel meetings.
- Chaucer team have been able to successfully arrest three wanted people during this month.
- There has been a good increase in the amount of stop and searches being completed around the ward. For example, there has been lots of successful stops resulting in Class A being found!
- Phone snatchers that have been frequenting the area have been stopped by the proactive teams and have been deterring this behaviour away.
